

ABCT Child and School Related Issues Special Interest Group (SIG)

Fall 2016 Newsletter- Call for Articles

The **ABCT Child and School Related Issues Special Interest Group (SIG)** is currently accepting manuscript submissions for our Fall 2016 newsletter.

The Child and School-Related Issues SIG is designed to facilitate the interests of ABCT members who wish to apply empirically supported assessment and treatment practices in school and clinical settings that serve children, youth, and their families. We are interested in preventive and clinical applications and the dissemination of those practices to psychologists working with children and young adults.

Submissions for the Fall 2016 newsletter may include the following: original empirical research, research reviews, interviews, commentary, lessons from the field, and book reviews.

Please submit a short description of your article to hara.stephanou15@stjohns.edu or ronnit.nazarian15@my.stjohns.edu by August 15, 2016!

The deadline for the final draft is September 7, 2016!
